

Jody Green, PhD BCE
Extension Educator
Nebraska Extension in Douglas-Sarpy Counties

Jody Green is an Extension Educator for Nebraska Extension in Douglas-Sarpy Counties, located in Omaha, NE. Her primary focus is developing educational programs related to structural and health-related arthropod pests for communities in Nebraska. She earned her master's and Ph.D. in Entomology from Purdue University and is ESA board certified with a specialty in Urban/Industrial Entomology. She received practical experience in the field of pest management through employment as a pesticide applicator, termite inspector, pest consultant, correspondence course author, and trainer presenter for various urban IPM programs.
